

## Alliance of California Judges

May 16, 2014

The Alliance of California Judges has endorsed a few judges and judicial candidates who are standing for election in a number of contested races. Please consider your own support for these judges and judicial candidates. You may also wish to visit their websites. We have supported these candidates because they are experienced, qualified, and have demonstrated support for our organization's mission to ensure efficient statewide administration of the judiciary with a strong preference for independent and flexible local court financial and administrative management as stated by the Lockyer-Isenberg Trial Court Funding Act of 1997.
